HC-CBLB PRAYER - SPLITTING BONE AND MARROW

Father I want to thank You, that I am a being of pure light. Father, thank You that I have been created in Your image, as a being of pure light. Thank You Lord that in heaven, I am a being of pure light. Lord, I am not subject to created light, nor any of the decay and deterioration that is connected to created light. I am subject to creative light, which was created before created light was put in place.

Lord, I ask that You would tabernacle over the water in my body until you break the molecules open and the record of what is in them would come out. Lord, I speak to my body, I speak to my bones, I speak to my spirit, I command them to arise in the truth of what I’m made to be in Your presence.

Father I thank you, that we would be known as the shining ones; Father that we would shine with Your glory, that You would display Your power of eternal life in my body. Lord, display eternity in the realm that You walk in, in my body. Father, that You would reveal us as Your sons on the face of the earth. Lord, as we are manifested in heaven that it may be in heaven as it is on the earth.

Father thank you for grace, thank you for mercy, Lord I just ask that you will help me, To entangle myself about the truth, And you to be engrafted into me as a good seed, In the name of Jesus Christ. Amen.1,2
